Falcon Welcome Week begins for class of 2013

Raleigh, N.C.— Freshmen and new students began moving into the dorms on the campus of Saint Augustine's College on Wednesday, Aug. 12, during Falcon Welcome Week.

In an effort to ease the transition to life at Saint Augustine's College for the students, the administration has planned a full calendar of activities which include: registration, orientation, seminars, tours, extra curricular activity try-outs, and socials. Parents also assisted in student transition by addressing business matters and participating in the Parents' Association Meet and Greet.

The College administration set the following goals for Falcon Welcome Week:

- To provide a smooth and coordinated arrival procedure
- To provide students the opportunity to complete business through a guided process to ensure all students are registered before classes begin
- To introduce new students to a peer mentor who will assist them throughout the first year
- To provide social activities to help students get acquainted with one another and faculty and staff
- To provide new students the opportunity to explore the programs and majors offered.

During the official welcome ceremony on Wednesday, President Dianne Boardley Suber assured parents that students will receive a quality education and graduate with applicable skills to compete in the workforce. Dr. Suber also spoke directly to students and emphasized the colleges' commitment to providing them with extensive knowledge, a positive image and a broad network.

Falcon Welcome Week began Wednesday, Aug. 12, and runs through Tuesday, Aug. 18. All students begin class Wednesday, Aug. 19.
