

The DEEP SPACE TERRAFORMERS Robotics Camp
July 6-10
Sponsored by
Saint Augustine's College
Computer Science Outreach
and
All God's Children United Methodist Church
Aulander, NC

Is technology a mystery to you?

Are you wondering where YOU will fit in a world increasingly run by computers and robots?

Now is your chance to learn for yourself—

- Put YOURSELF in the driver's seat of computing and robotics.
- Prepare yourself for the future.
- Learn how to use technology to make the world a better place.

Travel to the edge of the universe in a robotic adventure that reveals a future when humankind will transform distant planets into livable habitats!

Learn skills for careers of the future:
robotics, computers, problem-solving, teamwork!

Learn how technology can make the world a better place,
and make a better place for yourself in it!

WHAT: learn robotics and computer skills as you design and build Lego Mindstorms robots and program their "brains" using laptop computers.

WHO: middle school age children from grades 6-8.

WHERE: All God's Children Place of Possibilities Community Center, Aulander NC.

WHEN: July 6-10, 9:30 am – 2:30 pm

COST: Free to qualified applicants, as space is available. Lunch provided.

TECHNICAL DIRECTOR: Dr. Joseph Austin, Associate Professor of Computer Science at Saint Augustine's College, Raleigh NC.

HOST SITE DIRECTOR: Rev. Laura Early, Pastor, All God's Children United Methodist Church.
