### **CDC hosts open house**

Saint Augustine's College's Community Development Corporation (CDC) is hosting an open house at one of its newest homes from 12-2 p.m. both Friday, Feb. 22, and Saturday, Feb. 23.

The house, located at 113 Seawell Ave., Raleigh, is one of several the CDC built through a contract with the city of Raleigh to construct new homes in the Cooke Street Revitalization Area. These affordable homes near downtown Raleigh are sold to families with low to moderate incomes. Qualified homebuyers are eligible for up to \$30,000 in mortgage assistance.

For more information about the CDC's programs, call 919-829-7147.
