

# Summer School Information

In order to make our upcoming online summer session a successful one for all of our students, we have a few pointers that will ensure that you get off to a good start:

**Make sure that you are able to get email through your official St. Augustine's University email address.** While Blackboard does not use the email for access, your student email is loaded into Blackboard and any communications from your instructor will be automatically sent to your student email account. Please double check to make sure that you can get your student email before leaving campus this semester. If you have any difficulties, please click on <https://www.st-aug.edu/center-information-technology/> to get assistance.

## Important Financial Aid Information

While some grant funds may be available, summer school financial aid resources are primarily limited to student loans. If the maximum annual borrowing limit was reached during the academic year, no further funding will be available for summer. Therefore, your only other options to pay your Summer school balance are the following:

1. Parent PLUS loan
  - a. If a Parent PLUS loan is on file and the parent asked to borrower, the "max" amount we can use those funds to cover the balance.
  - b. If the Parent PLUS loan was for a specific amount which has already been used for the Fall/Spring term the parent will need to reapply for a new loan for the Summer.
2. Private loan
  - a. The SAU homepage has a link to a list of private loans students can select from. The link is: <https://choice.fastproducts.org/FastChoice/home/296800>
3. Paying out of pocket
