THE PURPOSE OF THE ANNUAL REPORT:

This report covers the fiscal years 2014-2015, 2015-2016 and 2016-2017 and was developed to provide our donors, stakeholders and community partners with an accurate accounting of their financial contributions to Saint Augustine's University. Our students, faculty and staff appreciate the generous gifts of your time, talents and treasures that were bestowed upon the university. Thanks to your philanthropy we are continuing the rich traditions that are the hallmark of Saint Augustine's University.

OVERVIEW

Established in 1867 by The Episcopal Diocese of North Carolina, Saint Augustine's University (SAU) is a four-year, private, liberal arts college in Raleigh, N.C. The University offers more than 20 undergraduate degree programs and is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools. With an average enrollment of 1,000, SAU was the nation's first historically black university to have its own on-campus commercial radio and television stations and the first HBCU in North Carolina to open a Confucius classroom.

The Falcons of Saint Augustine's University are members of the NCAA-Division II and the Central Intercollegiate Athletic Association (CIAA). In February 2017, the Lady Falcons basketball team was recognized for having the highest GPA in the CIAA for the 7th time in eight years. Three months later, the Men's Track & Field team won its fifth straight NCAA Division II Outdoor Championship.

Key Priorities for the University:

- Strengthen Saint Augustine's financial position;
- Strengthen the faith our students have in Saint Augustine's; strengthen the faith our alumni have in their alma mater; strengthened the faith our faculty and staff have in their employer; and
- Strengthen the faith our community and our business partners have in the fact that Saint Augustine's is an institution of higher learning worthy of their time, talent and investment dollars.

LETTER FROM THE PRESIDENT

Dr. Everett B. Ward

"The function of education is to teach one to think intensively and to think critically. Intelligence plus character – that is the goal of true education. "

- Dr. Martin Luther King Jr.

Reflecting on Saint Augustine's University's rich history, while enthusiastically looking ahead to a bright future. The 2016-2017 Annual Report affords you an opportunity to appreciate how the University's rich history has created successes in increased partnership with Saint Augustine's University.

The University provides students with a nourishing spiritual environment, caring faculty and staff, while encouraging community involvement that transforms students to become global leaders. We continue to be grateful for the financial support of our alumni and community benefactors, who continue to believe in the mission of this University.

We thank God for the good news that Fiscal Year 2016-2017 produced. Financial support among alumni increased and over \$100,000 was raised to help fund emergency scholarships for students in-need through our 1K Scholarship Program. This financial support enables the University to assist students who are laser focused to be the future world-changers.

We thank God for a vibrant culture that celebrates an environment for students to develop a solid foundation to learn, create and succeed for the future.

Rest assured that the SAU Family – administration, faculty, staff and board members – cherish the trust you have in our stewardship of this University.

I look forward to receiving your thoughts after your review of this report.

Sincerely yours,

A handwritten signature in black ink that reads "Everett B. Ward".

Dr. Everett B. Ward '82
President

LETTER FROM VICE PRESIDENT OF INSTITUTIONAL ADVANCEMENT & CHIEF OPERATING OFFICER

Dr. Steven E. Hairston

On behalf of the Saint Augustine's University Institutional Advancement and Development Department I would like to thank all of our donors who have given generously of your times, talents and treasures. I am pleased to report on fiscal years 2014-2015, 2015-2016 and 2016-2017. With the help of our donors, the university has been at the forefront at providing an environment that has allowed our scholars to thrive and meet their individual as well as educational goals.

During our most recent fiscal year 2016-2017 ending June 30, our donors contributed \$2,075,000 in cash donations and over \$72,000 in in-kind contributions. We have noticed an increase in donations to the university over the past three fiscal years and in fact unrestricted donations have increased by almost 300% since 2014-2015 year.

With the assistance of individual and corporate philanthropist like you, the University's future is bright. My Department would like to thank the faculty and staff who contributed over \$10,000 during our Employee Giving Campaign, our alumni and friends who contributed over \$45,000 at the CIAA Jazz Brunch and the various classes in Reunion and corporate sponsors who donated over \$350,000 during the annual year-end Stone of Hope Gala. Each and every one of these events were a success thanks to your efforts.

We value the partnerships that will continue to help us enhance the student learning and academic excellence through increase opportunities to develop future leaders in a global society. Please continue your support in the interest of Saint Augustine's University. I remain,

With warm regards,

A handwritten signature in black ink, appearing to read "Steven E. Hairston".

Dr. Steven E. Hairston

Vice President for Institutional Advancement and Development & Chief Operating Officer

FUNDRAISING CAMPAIGNS

THE STONE OF HOPE GALA

The Gala is a premier fundraising event that celebrates the Classes in Reunion; honors 45 SAU alumni under 45 years of age who have excelled in their professional careers and made contributions to the community in which they live and work; and recognizes the various local Alumni Chapters who provide generous donations to the university. This event is scheduled during the week of commencement to encourage participation from alumni celebrating their classes in reunion and alumni chapters who traditionally use this weekend to make their annual monetary donations.

1,000 FOR \$1,000 CAMPAIGN

As a part of the Sesquicentennial celebration, SAU called for 1,000 alumni and friends to donate \$1,000. Simply, the goal of this campaign is to raise \$1 million by soliciting a \$1,000 donation from 1,000 supporters of the university. \$53,000 has been raised in 6 months.

ADOPT A RESIDENCE HALL

Saint Augustine's University has set up a unique program for our supporters who are interested in assisting in the advancement of our living and learning spacing spaces within the residence halls. \$120,000 has been received and used to renovate, remodel and purchase modern furniture for the enjoyment of our students. We have renovated the kitchen space on each floor and installed a new elevator in Weston Hall. Latham Hall has new tile flooring in the lounge and computer room area. Lounge furniture has been ordered for student living areas in each of the residence halls.

1K SCHOLARSHIP FUND

Over \$123,000 has been raised for scholarships that assisted 56 students during the 2016-2017 academic year and 8 students during the summer school session. This emergency student scholarship fund originated out of a challenge of the Divine Nine Greek Letter organizations and the two Social Fellowship organizations to raise funds for our students.

HBCUs Make America Strong:

THE POSITIVE ECONOMIC IMPACT OF SAINT AUGUSTINE'S UNIVERSITY

Saint Augustine's University is a valuable economic engine in its community, generating substantial economic returns year after year. The benefits flow to Saint Augustine's University's graduates, of course, who'll enter the workforce with sharper skills and vastly enhanced earning prospects. But, as a landmark study commissioned by UNCF—*HBCUs Make America Strong: The Positive Economic Impact of Historically Black Colleges and Universities*—makes clear, the benefits also flow to the local and regional economies that are connected to Saint Augustine's University.

The presence of an HBCU means a boost to economic activity, on and off—and even well beyond—campus. Stronger growth. Stronger communities. More jobs. And a more talented workforce.

The study's key findings (based on 2014 data) make a persuasive case:

Total Economic Impact: \$72 Million

- Saint Augustine's University generates \$72 million in *total* economic impact for its local and regional economies. This estimate includes direct spending by Saint Augustine's University on faculty, employees, academic programs and operations—and by students attending the institution, as well as the follow-on effects of that spending.
- Every dollar spent by Saint Augustine's University and its students produces positive economic benefits, generating \$1.41 in initial and subsequent spending for its local and regional economies. Communities and regions hoping to foster a more robust and diversified economic climate find HBCU-connected spending a critical component of that effort.

Total Employment Impact: 684 Jobs

- Saint Augustine's University generates 684 jobs for its local and regional economies. Of this total, 301 are on-campus jobs, and 383 are off-campus jobs.
- For each job created on campus, another 1.3 public- and private-sector jobs are created off campus because of Saint Augustine's University-related spending.
- Looked at in a different way: Each \$1 million initially spent by Saint Augustine's University and its students creates 13 jobs.

Total Lifetime Earnings for Graduates: \$574 Million

- Saint Augustine's University plays a major role in the economic success of its graduates by enhancing their education, training and leadership skills. A college degree opens the door to economic prosperity through greater employment and earnings potential. In fact, the 226 Saint Augustine's University graduates in 2014 can expect total earnings of \$574 million over their lifetimes—that's 77 percent more than they could expect to earn without their college credentials.
- Or viewed on an individual basis, a Saint Augustine's University graduate working full time throughout his or her working life can expect to earn \$1.1 million in *additional* income due to a college credential.ⁱ

ⁱThis estimate reflects incremental earnings averaged across degree and certificate programs.
