

## **SAU Alumni Bio**

Saint Augustine's University former Presidential Scholars EJ '13 and Donveyea '15 met at Saint Augustine's University in 2011. During EJ's junior year as a Engineering Mathematics major and Donveyea freshmen year as a Business Administration major, their paths didn't intertwine as much. As time progressed, and with the help of a few fellow falcons, their paths had no choice but to meet at an intersection. The couple began dating during Donveyea's junior year while EJ was obtaining a master's degree in Computer Science at North Carolina Agricultural and Technical State University.

The Falcons married in the summer of June 2020 and are now enjoying their new adventures of European living. EJ always thanks former employees Dr. Russell Brodie (Director of Global Study Abroad and International Programs/Director of Quality Enhancement Plan Development (QEP) and Loretta Campbell (Director of Special Programs and Special Assistant to the Provost) for opening the world of abroad to him. EJ and Donveyea are thankful for their experiences at Saint Augustine's University because it helped prepare them for unique opportunities in life that they are now creating together. Today our alumni continue to show the world how to Transform, Excel, and Lead the SAU way.

EJ and Donveyea currently live in Vienna, Austria where EJ and Donveyea work for the US Department of State as foreign service officers.
