Dear Saint Augustine's University Community and Supporters,

As the Student Trustee of Saint Augustine's University, I am reaching out to share my commitment and determination as our beloved institution undergoes a transformative journey under new leadership. As members of this resilient community, we understand the vital importance of the SACSCOC accreditation in preserving the legacy of Saint Augustine's University as a prominent HBCU in our state.

I extend my support to the dedicated faculty, staff, and alumni who contribute to the rich tapestry of our university. Most importantly, my unwavering focus remains on the students—the heart of Saint Augustine's University. I acknowledge the critical mission ahead of us: to continue and secure the university's accreditation, ensuring its continued impact on the lives of present and future generations.

Through collective dedication and perseverance, I am confident in the positive changes that lie ahead. As the student trustee, I want to encourage our student body to express solidarity to reinstate Saint Augustine's University as a beacon of academic excellence.

Sincerely yours,

MILES

Trustee Miles J.G. Beasley
